

SolPrint v19 a Complete Browser Based MIS

We are pleased to announce the launch of SolPrint v19 which is a complete browser based MIS/ERP.

Based on a Microsoft SQL database the modular system can either be accessed via the internet on a monthly rental basis or purchased and installed on your own servers.

Over 30 modules are available benefitting from our 27 years of experience serving the Print and Print Management sectors.

All modules are cross-platform / device compatible allowing access to the system anytime-anywhere.

Why not contact us now for a no obligation demonstration so we can show you how the SolPrint Management Information System could be implemented within your operation.
